Statement of Garrett Reilly

I, Garrett Reilly, [REDACTED], of [REDACTED] make the following voluntary statement. My telephone number is [REDACTED].

I am Casey Colella's father. Prior to Casey's marriage to Mark Colella, Casey resided with me. I have met Casey's husband, Mark Colella, twice in the approximate two and one-half years he and my daughter have been married. I do not know Mark Colella very well at all. I met Mark for the first time at the Christening for his and Casey's daughter.

During a visit with my daughter at my home, while she was still pregnant, I personally observed fresh bruises on or about Casey's face and neck. I asked Casey about the bruises, but she explained them away as having been caused by something other than physical abuse at the hands of Mark Colella.

I have read the above statement. It is true and accurate. I have given this statement of my own free will, without fear, threat or promise of reward. I have also been given a copy of this statement.
